

Security Analyst in cutting-edge Managed Detection and Response Team

Do you want to examine devices that have been compromised by malware or malicious hackers for our customers – including some of the world's largest enterprise organisations?

Our MDR specialists run a 24/7/365 operation securing our clients by monitoring, responding and classifying alerts raised from our IT systems.

You will gain in-depth working knowledge of IT-Security, including:

- Endpoint protection (EDR)
- Network-level protection with IDS/IPS systems
- SIEM systems
- Windows Forensics
- Incident handling lifecycle

Your primary responsibilities will be:

- Triaging alerts
- Monitoring security events from multiple data sources
- Providing analysis and recommendations to our customers
- Performing live forensics on customer systems which may be affected by malware
- Acting as first-line support with emergency incident response assignments
- Fine-tuning of detection rules in order to increase signal-to-noise for alerts

We expect that you:

- Have a passion for IT-security

- Possess a high degree of self-motivation and willingness to learn
- Have an eye for detail and ensure consistent high quality in your work
- Have good verbal and written English communication skills
- Are proficient in Windows and Linux and are comfortable in a shell
- Have basic knowledge of networking (TCP/IP, DNS, etc.)

Additional consideration will be given to candidates with:

- Have at least 1-2 years of working experience within IT-security
- Have previous experience with Endpoint protection, IDS/IPS, or SIEM systems
- Have experience in scripting, regular expressions, and/or programming

Working for us you will:

- Work with interesting challenges in a financially independent company
- Take ownership of your work from start to finish
- Work alongside exceptional minds in IT-security
- Solve meaningful security problems for customers

Benefits:

- Competitive salary and personal benefits package
- 5 weeks holiday, plus 5 "floating" days off each year
- Health insurance, a pension, plus life and disability insurance
- Great fair trade coffee
- Healthy, varied lunches (incl. vegetarian and allergy options)
- Stocked refrigerators with soft drinks and organic fruit juices

- Shower facilities and subsidized weekly massages
- Company events for grown-ups and for families
- Mobile phone, laptop, and home internet

Type:
